with a good deal of spirit at the session of the Board of Directors which closed last evening. This policy was stranuously urged by the Loan Commissioners, and we are informed that although the Directors of the Branches are the only competent parties to act upon the subject, assurances were given by the representatives of a portion of them that about \$250,000 of the bonds would be purchased by those branches, or their principal stockholders, at eighty-five cents on the dollar. We are also informed that applications are coming from citizens to the Loan Commission ers for bonds at the same rate. The representatives of four of the branches viz: Lawrenceburg, Richmond, Logansport and Rushville, we understand, refused to acquiesce in the policy adopted by a majority of the branches,

and the branches at Plymouth and Jeffersonville, being unable to take care of themselves, of course could not help the State. We are advised that M Governor Monroy, through the President of the Bank, urged this policy upon the Directors. Those who determined not to respond were influenced solely by prudential considerations and with a desire to carry out the object in view in chartering the bank. The bank is a commercial institution, and its province is, as it should be, to aid the commercial interests of the State. If it is the duty of BANES WHICH ARE VOLUNTARILY RETIRING THEIR the bank to lend its credit and resources to the State Government, at its call, it will take but a few such calls to cripple it and deprive it of the means to assist the business men of the State, and through them all of its citizens, in those operations which require more money than individual capitalists can command. We may as well have no bank at all, if the State Government is to draw upon it in every exigency which may arise, and thus deprive the citizen of those accommodations which is the object to be accomplished in chartering such institutions. If Indiana was threatened with invasion and subjugation, it would be proper to call upon the Bank for aid in such a crisis. Such is not the case, however. The Federal Government has the charge of the war, and its credit should be sufficient, except, orous prosecution. We think the policy Redeemed at John Bohan & Co.'s office, Kokemo, Ind. upon the Bank to invest its capital in the bonds of the State is a bad pre cedent. It is unwise as a financial measure, and may prove troublesome to the safe and profitable management of the institution, if adopted. For the bank to make the State a temporary loan when its necessities demand it is well enough, but it is another matter to make permanent investments in the bonds of the State and thus absorb its means to accommodate the public.

Four Hundred Millions of Dollars Wanted. Abraham Lincoln asks Congress for \$4,00,

000,000 to prosecute this war. Ohio's share of this sum would amount, if it were divided accord ing to population, to almost forty millions of dolnan and child in the State. The proportion for Montgomery county would be nearly one million ars: and the city of Dayton a little over

But some say that this sum of four hundred nillions, (if appropriated by Congress, as it untaxation immediately. We grant it; but does it make any difference in the end to the people, whether they pay it directly in money, or whether they pay it by a tax on tea, coffee, sugar, or any cles of family use? There is one thing certain, the amount must be paid, and the people must pay it, in some shape or other. It makes nce what plan may be adopted to raise the amount: in the end it will come out of the pockets of the farmers, mechanics, manufacturers. &c. Even if borrowed, it will not help the matter, but make it werse; for then our people will be compelled to pay interest as well as principal.-Dayton Empire.

Proclamation by the Governor.

Says he has seen Wood's Hair Restorative used in hundreds of cases, and never it to fail in accomplishing all it professes to A. J. ALDEN, McLANESBORO', ILL. Says he had the scald head eight years, and

was bald, but by the liberal use of Wood's Hair Restorative, he now has a rich, gloss LIGONIER, Noble county, Indiana, Feb. 5, 1859. Prof. O. J. Wood, Dear Sir-In the latter part of the year

Prof. O. J. Wood, Dear Sir—In the latter part of the year 1852, while attending to the State and National Law School of the State of New York, my hair, from a cause unknown to me, commenced falling off very rapidly, so that in the short space of six months, the whole upper part of my scalp was entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indians, my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances to recognize me at all.

I at once made application to the most skillful physicians in the country, but receiving no assurances from them that my hair could again be restored, I was forced to become reconciled to my fate, until fortunately in the latter part of the year 1857, your restorative was recommended to me by a druggist, as being the most reliable thair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired

my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars' worth of your Restorative, and as a result, have a rich coat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in
the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect. Very respectfully.

A. M. LATTA,

Attorney and Counselor at Law.

Prof O. J. Wood: Dear Sir-Your Hair Rest apidly gaining popularity in this community. I have he prejudice aside, and give your Hair Restoative a perfect During the year 1854, I was so unfortunate as to l thrown from my sulky against a rock near the road side from which my head received a most terrible blow, causfrom which my head received a most terrible blow, causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effect of which my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself; and, as I thought understanding the nature of the disease, but was finally defeated in every

young hair as I ever saw, for which I certainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, shall use my influence, which I flatter myself to say, is no

You can publish this if you think proper. Yours, very respectfully, M. J. WRIGHT, M. D.

Office of the Jeffersonian, Phillippi, Va., Dec. 12, \*58.

Dear Sir.—I feel it my duty as well as my pleasure, to state to you the following circumstances, which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald ever since his early youth, so much so that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give it to you at the request of Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agent Yours, &c.. THOMPSON SURGHNOR.

Paor. O. J. Wood-Dear Sir: I take pleasure in recom mending your Hair Restorative as a most excellent cur-for scald head. My son was suffering very much from thi isease, and after using one bottle, was made perfect well. I recommended it to others who had diseases of the head, and in all cases it had the desired effect. You can recommend it without fear as a most certain cure for scale recommend it without fear as a most certain can be head. Many others will certify that this and many other ases was cured from the use of your most valuable Hair Respectfully yours, GEORGE McSUAIN.

The New York Day Book says:
"The majority of Hair Washes, Hair Dyes, Hair Tonics
Hair Oils, and the numberless preparations which are now
before the public under such extravagant, hyperbolica cards and newspaper headings, as hair preparations, are all humbugs of the first water; their real merit, when they possess any, is, that they do no harm. HOG'S LARD, WHALE OIL, LARD OIL, SWEET OIL, scented and colored, make up, when in beautiful wrappers and and when thus costly are baptized with some trisyllable term, and caught at by verdant young and old of both sexes. Such is not the character of Prof. Wood's Hair Restorative. This gentlemen comes before the world with-out any "highfalutin" Xilophloforium, or any other as-tounding or startling calchpenny terms; he simply ad-vertises a Heir Restorative—what it expresses, pre-cisely—and as a Restorative it acts. Buy Prof. Wood's Hair Restorative; and, as you value your scalp, aye, your very brains, apply nothing else; for it may be that you will get some worse substance than perfumed lard oil on your cranium. Remember, Wood's Restorative for the hair is the best article extant."

ITWILL, BY NATURE'S OWN PROCESS RESTORE GRAY HAIR TO THE ORIGINAL COLOR

Will make it grow on Bald Heads, Will remove at once all itching, Will remove all Dandruff. Will cure all eruptions even scald Will make the bair soft and glossy, Will make the old appear young again, Will preserve the color of hair to old ag Will always fasten it and stop its falling And is one of the best toilet articles for the hair now i

All our remedies are for sale by

AYER'S SARSAPARILLA COMPOUND REMEDY, DESIGNED TO BE THE most effectual differentive that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alternative power as to afford an effective ant dote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumerous complaints, wanted by those who suffer from Strumerous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted tellow-citizens. How completely this compound will do it has been proven by experiment on many of the worse cases to be found of the following complaints. PHARMACY.

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Cicers, Pimples, Blotches, Tumo Salt Rheum, Scald Head, Syphillis and Syphillis Affections, Mercarial Disease, Dropsy, Neuralgia or Tie Doulou eux, Debility, Dyspepsia and Indigestion, Eryspelas Rose or St. Anthony's Fire, and indeed the whole class complaints arising from Immediate the Whole class complaints arising from Immediate the Whole class complaints arising from Immediate the Piles of the Pil plaints arising from Impurity of the Blood.

This compound will be found a great promoter o health, when taken in the Spring, to expel the foul humors which fester in the blood at that season of the year. By Blood Purifier and Blood Pills, and the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul erupotins and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alternative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pin. you find its impurities bursting through the skin in pim-ples, eruptions or sores; cleanse it when you find it ob-Vegetable Blood Pills, 25 cents per box, or five boxes for structed and sluggish in the veins; cleans it whenever it is foul, and your feelings will tell you when. Even where he particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later emething must go wrong, and the great machinery of life its disordered or overthrown.

centrated extracts of it, contain but little of the virtue of arsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Saraparilla for one dollar. Post of these have been frauds upon the sick, for they not only contain little, if any, Saraparilla, but often no curative properties whatever. Hence, have the desired effect in all cases for which their use is hitter and painful disappointment has followed the use of bitter and painful disappointment has followed the use of various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remody as shall rescue such a name from the load of obloguy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions.

Have the desired effect in all cases for which their use is intended. Like thousands of others, we bear personal witness to this, having used them in our family with the best effects. We are also acquainted with many who speak voluntarily in praise of these medicines.

One of our leading business men says that by the use of only four bottles of Furifier he received more than one hundred dollars worth of benefit. His difficulty was Dyspeak. We express our thanks for a liberal present of these medicines.
